Assembly:

Partial assembly required, pulleys must be attached to the 390-TP / QP platforms. 390 Pulleys are pre-assembled and ready for use.

Function:

A functional, versatile and durable modular pulley system designed to conform to any rehab setting, the 390 Combo, Tri or Quad Pulley offers a total body workout from either a standing or seated position. Choose from any combination of 390 Standard, 393 Bilateral, 395 Speed or 390 Lat pulleys to complete the Combo, Tri or Quad Pulley modular pulley system. Create a multiple pulley module that requires only a 4 ft x 4 1/2 ft area of floor space for the Tri and 5 ft x 5 ft area for the Quad. All of the 390 Series pulley modules have an adjustable column with single hand grips. The handle height and start positions are adjustable in 2" increments which is ideal to rehab function, strength and coordination.

Construction:

Durable powder coated 11 gauge tubular steel and polished stainless steel adjustment column. High speed pulleys and aircraft quality cable provide years of uninterrupted service
