### specifications

#### Vendor Part Number:

- 395-S - Single Wall Mount
- 395-D - Double Wall Mount
- 395-S/391 - Single Free Standing / Mobile
- 395-D/392 - Double Free Standing

#### Suggested Retail Price:

- 395-S - \$2,409.<sup>75</sup>
- 395-D - \$4,305.<sup>00</sup>
- 395-S/391 - \$2,724.<sup>75</sup>
- 395-D/392 - \$4,882.<sup>50</sup>

#### Options:

- 391 - Single Free Standing / Mobile Frame
  - 392 - Double Free Standing Frame
- Lighter 150 lb / 68.2 kg weight stack available providing 37.5 lb / 17 kg of resistance weight.

#### Assembly:

395-S, 395-D and 395-S/391 are fully assembled ready to be placed into the facility. 395-D/392 requires partial assembly of the base

#### Function:

The 395 is a functional, versatile and durable pulley system designed to conform to any rehab setting. An inertia reduction pulley / cable system allows for the functional loading of soft tissues without changing the total number of weight increments used for a particular exercise. The 395 is an adjustable column pulley with bilateral double handles. The handle heights and start position are adjustable in 2" increments. Four modular platforms allow the pulley system to be either wall mounted, free standing and / or mobile. Starting weight is 2.5 lb / 1.1 kg which is ideal to rehab function, strength, core, stability, coordination, gait and plyometrics.

#### Construction:

Durable powder coated 11 gauge tubular steel and polished stainless steel adjustment column. High speed pulleys and military spec rope provide the maximum of uninterrupted service.

#### Features:

- A 200 lb / 90 kg physical weight stack providing 50 lb / 23 kg of resistance weight with a 2.5 lb / 1.1 kg top plate and 1.25 lb increment resistance changes
- A 76" vertical scale adjustable in 2" increments for accurate and repeatable treatments
- Two single grip handles connected at an adjustable pivot pulley to allow for a wide range of motion.

The modular design allows the pulley system to be converted from wall mounted to free standing / mobile and/or expanded to a double or tri free standing pulley.

#### Endorphin's industry best warranty:

- 1 year bumper to bumper on all parts
- 5 years on all moving parts
- 20 years on the frame
